## *Welcome to the 2023 Illinois State Fair!*

Our Illinois State Fair is a beloved tradition that brings together Illinoisans from every corner of our great state to celebrate our agricultural legacy, so it's only fitting that this year's theme is "Harvest the Fun."

The fairgrounds are an Illinois treasure, and we're dedicated to improving them year after year so that the hundreds of thousands of people that visit from across the state and the nation can experience the best of what Illinois has to offer. Over the past few years, we've made major improvements thanks to our Rebuild Illinois capital plan. To ensure the Illinois State Fair facilities are worthy of its founding mission, we've invested nearly \$9 million to overhaul the Multi-Purpose Arena where so many of our great fair events take place. So this year is extra special, as we'll be able to celebrate its opening and gather in the renewed space.

This year also marks the 170<sup>th</sup> anniversary of the Illinois State Fair, and although much has changed since the very first fair in 1853, one thing remains strong and steadfast: our state's agricultural industry. And it will continue to propel us forward for generations to come.

Illinois has long stood as a beacon of progress, innovation, and opportunity, with agriculture as the backbone of our achievements. That's why I'm thrilled to gather for another year to highlight our agriculture community's unmatched contributions to our state, our nation, and the world.

So wherever you come from, whatever the memories you pursue: thank you for joining us and for making the Illinois State Fair a part of your summer once again. Enjoy this wonderful celebration.

Sincerely,

JB Pritzker, *Governor* MK Pritzker, *First Lady*

**I**t is our pleasure to welcome you to the 2023 Illinois State Fair.

During your visit, we hope you take notice of the work to revitalize the Illinois State Fairgrounds. Starting with the Coliseum to now re-opening the Multi-Purpose Arena after a year of renovations, there has been tremendous investments made to the fairgrounds.

Similarly, in agriculture, progress is incremental. The work and dedication that goes into the planting season is followed by a bountiful harvest. That is why we chose the theme “Harvest the Fun” for the 2023 Illinois State Fair. While we continue to look for ways to make these historic grounds stand the test of time, we are proud of the strides we have made.

As you and your family venture around the grounds during these 11 days, our goal is that you have fun. Whether it’s showing animals, enjoying a concert, tapping into your adventurous side with one of the thrill-seeking carnival rides or trying each and every delicious fair food we have to offer, the Illinois State Fair has something for everyone.

We are proud to call Illinois home and are happy you are on the fairgrounds. We hope you will have another year full of memories made at the Illinois State Fair and encourage you to “Harvest the Fun.”

Sincerely,

The image shows two handwritten signatures in black ink. The signature on the left is "Jerry Costello II" and the signature on the right is "Lori Costello". Both are written in a cursive, flowing style.

## Land of Lincoln Purebred Livestock Breeder's Award George Halpin

George is recognized for his outstanding accomplishments in the purebred Milking Shorthorn dairy industry. Halpin Farms, located in Cullom, is a 4th generation family farm. In 1938, George's parents William and Julia were gifted two bred Milking Shorthorn heifers as a wedding present, and the rest is history. George and his late wife, Margaret, were married in 1975 and began farming on the family farm. George and Margaret have two children, Amy, and the late, Michael, along with four grandsons, Owen, Colt, Bode, and Holden. In addition to his Milking Shorthorn herd, George and his brother, Bill, farm approximately 4500 acres of corn and soybeans. The entire family contributes on and off the farm to keep things running smoothly.

Halpin Farms consists of approximately 150 head of Milking Shorthorn dairy cattle. The cows are milked at two local dairies, Mackinson Dairy and Erdman dairy. The calves, heifers, and dry cows are housed at the home farm.

Halpin Farms are no strangers to the show ring. Halpins have been successful in breeding and exhibiting numerous champions and class winners at the local, state, and national level. They have exhibited Grand Champion four times both at the All American in Harrisburg, PA and The North American in Louisville, KY. They have four Reserve Grand Champion banners from the International Milking Shorthorn Show at the World Dairy Expo in Madison, WI. In addition, they have countless championships from the Illinois State Fair. They have earned over 50 All-American titles and 20 Reserve All-Americans. George has exhibited a herd at the Illinois State Fair for 56 consecutive years.

There are a few main cow families that have excelled over the years for Halpins. One being, Halpins Mona-EXP. She was All-American Senior 2-Year old and Reserve Grand Champion of the International Junior Show in 2002 and Reserve Intermediate Champion of the Open Show in 2003. She earned Grand Champion banners at Harrisburg and Louisville in both 2002 and 2003. Numerous generations of "Monas" have gone on to excel in the show ring. Most notably, her daughter Melody (All American 4 year old) was Reserve Grand Champion at Harrisburg in 2008. Melody's daughter, Mona II (owned with Matt Mackinson), was Grand Champion at Harrisburg and Louisville, and Reserve Grand Champion at World Dairy Expo in 2013.

Another winning family is that of Halpins Ruthanne. She was classified as Excellent 94 points. In 2013, she was All-American 4-Year-Old, winning her class at Madison and being named HM Grand Champion behind Mona II. In 2014, Ruthanne was Reserve Grand Champion at Louisville and named Best Udder of the International Milking Shorthorn Show. Her son, Halpins Muddy Rockstar, has been a very popular type sire over the last five years and was named Premier Sire of the Heifer Show at Madison in 2021.

George has served in various leadership positions throughout the years. Most notably, he has been the Cullom Junior Fair President for the last 29 years. He served as the President of the National Milking Shorthorn Association as well as serving on the National Milking Shorthorn board for 6 years. He continues to serve on the Milking Shorthorn All American committee. George had been a director on the Land of Lincoln Board for many years. In addition, he has been on various boards and committees throughout the years.

### **DRUG TESTING REQUIREMENTS**

**Illinois Department of Agriculture personnel are authorized to collect blood, urine, milk, tissue or other samples from any animal being exhibited to test for the presence of any substances, practices or other adulterants which may give the animal a competitive advantage. As a condition of entry, all exhibitors shall sign a statement of ethical conduct.**

Upon entry to the Illinois State Fairgrounds, no person shall administer internally or externally any medication, including prescription and non-prescription, unless prior written authorization is received from the State Veterinarian's Office. Any medication or drug administered without authorization or in an unauthorized dosage constitutes a violation of this requirement.

Notwithstanding the above, as a condition of entry in an Illinois State Fair event, all exhibitors agree to cooperate fully with testing protocols including ultrasound. Department personnel may collect blood, tissue, milk or urine samples from any animal being exhibited and/or raced in any event at the Illinois State Fair at any time, including at the time of slaughter, to test for the presence of any substances, practices or other adulterants. It is a violation of this requirement if the test results indicate 1) the presence of a substance, practice or other adulterant that could give an animal a competitive advantage, and/or 2) the presence of a substance, practice or other adulterant that does not meet allowable slaughter residue levels for market animals as determined by the Department. Non-market animals are deemed not to have violated this Requirement concerning competitive advantage if the drug was given under a current veterinarian's prescription for the animal and was prescribed for a therapeutic reason. Notwithstanding the previous sentence, animals must still comply with breed specific requirements regarding drug usage. A copy of such prescription must be shown to Department personnel at the time of collection. If not shown at time of collection, such drug use will be deemed a violation of this requirement and proof of a prescription at a later time will not be a defense.

Market animals are deemed to violate allowable slaughter residue levels if the test "positive" (not a quantitative test) for any drug that has not been approved by the

Federal Food and Drug Administration for such type of animal. The fact that a drug exceeded its estimated withdrawal time or was prescribed will not be a defense to a violation of this Requirement concerning slaughter eligibility.

Any animal drug tested at the Illinois State Fair is subject to be detained at the expense of the Exhibitor by Fair Officials until the Fair Officials receive final test results. After any preliminary positive test results are confirmed by a gas chromatograph/mass spectrometer tests, the results may be made public.

If a dispute regarding the test results occurs, a portion of the referee sample, upon written request to the Department, may be sent in a manner mutually agreed to by the parties for laboratory testing and analysis at a facility mutually agreed to by the exhibitor and the Department. The referee sample will be split in the presence of the parties or their representative. The test results must be sent to both the exhibitor and the Department by the laboratory. All fees associated with the referee sample are the responsibility of the exhibitor.

If an animal is determined to be in violation of this requirement, then the exhibitor agrees to forfeit all awards, prizes, money, honors and rights to any benefits received at the Illinois State Fair concerning such animal.

If an exhibitor disputes a disqualification of an animal by fair officials, the exhibitor may request a hearing before an administrative law judge of the Illinois Department of Agriculture, pursuant to the administrative law rule. However, any request to have the referee sample tested must be made, the test must be performed and the test results determined all prior to the hearing.

The owner, exhibitor, fitter, trainer and participant bear absolute responsibility for an animal's condition, whether or not he or she was actually instrumental in or had actual knowledge of the administration of drugs or medication or treatment of the animal in contravention of these requirements.

Proper testing may require animals to be detained temporarily and may delay awarding of premium checks.
