Welcome to the 2024 Illinois State Fair!

Perhaps attending the fair is an annual tradition, one that sparks nostalgia when you smell corn dogs and spot the butter cow. Or maybe this is your first time attending, and a new adventure awaits. Either way, it is my pleasure to welcome you!

In Illinois, we are lucky to enjoy two state fairs each year – one in Springfield and one in Du Quoin. While each is unique, both bring hundreds of thousands of visitors from far and wide to enjoy all that Illinois has to offer.

Behind the scenes at the Illinois State Fair, we have made significant improvements to the infrastructure of the fairgrounds with \$80 million allotted to address years of deferred maintenance. These updates include improvements to roads, roofs and pedestrian tunnels. The Coliseum construction includes new seating, elevator updates, improved ADA accessibility and heating for winter events. All of these improvements require tremendous effort from the Illinois Department of Agriculture Buildings and Grounds crew who work year-round to beautify the space for us to enjoy.

While the State Fair puts Illinois in the spotlight, it is only one part of what makes our state great. Central to our success is agriculture. It's our number one industry with more than 27 million acres of land in Illinois dedicated to farms. Agricultural commodities contribute \$26 billion to Illinois' economy. Illinois leads the nation in the production of soybeans, horseradish and pumpkins, and our state is second in corn and fourth in hogs.

Agriculture is fundamental to Illinois, and I applaud the hardworking men and women who ensure the industry will continue to prosper for generations to come. I also want to acknowledge those who make the Illinois State Fair bigger and better each year. This team works diligently to create an enjoyable, affordable and safe experience for all who attend, and I appreciate their efforts.

Thank you for attending the Illinois State Fair. We hope you cherish the memories made here, and we look forward to seeing you again next year!

Thank you,

JB Pritzker
Governor

MK Pritzker
First Lady

It is our pleasure to welcome you to the Illinois State Fair!

We are proud to host hundreds of thousands of visitors from around the world for 11 days of food and fun. Within the 366 acres of the fairgrounds, you will find something for everyone, regardless of age or interest. This year, in particular, we have made many upgrades sure to improve your experience, thanks to \$80 million allotted for infrastructure. We hope you will take the time to explore the grounds and the endless opportunities for fun at the Illinois State Fair.

Grab a bucket of mini doughnuts and a lemon shake up. Brave the twists and turns of a carnival ride or try your hand at milking a cow. Take in an exciting horse race or meander through the barns. And after you check out the famous butter cow, stop and savor the delicious ice cream nearby. Don't forget to snap a photo at a selfie station and share it on social media!

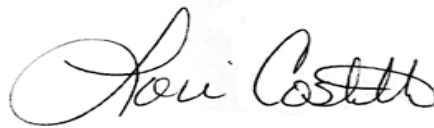

The Illinois State Fair captures the essence of this great state, with agriculture as our number one industry. Illinois has nearly 71,000 farms covering 27 million acres. Our success is on display, and we are proud to share it with you. That success would not be possible without the hardworking men and women of Illinois for whom farming is a calling, not just a career.

Whether this is your first trip to the Illinois State Fair or an annual family tradition, memories are made during these waning days of summer. We are delighted to have you join us and wish you a safe and enjoyable experience at the Illinois State Fair.

Thank you,

Jerry Costello II
Director

Land of Lincoln Purebred Livestock Breeder's Association
2024 Hall of Fame Award:
Jan and Jerry McGlaughlin, Shale Hill Stables, Muncie, IL

The McGlaughlin's Shale Hill Stables was established in 1957 by the late Harry & Margaret McGlaughlin. Their farm in Muncie, Illinois was named after an onsite coal mine owned and operated by their grandfather, J.P. O'Hara. The McGlaughlin's recognize the importance of raising purebred animals and they try to always adhere to the integrity and honesty in breeding and record keeping.

Harry & Margaret McGlaughlin raised three boys: Joe, Jerry and Jan, and the family now includes Jan's wife Patricia and their children, Jacob, Dr. Taylor Chamberlain and Matthew all have all been active over the years here at the Illinois State Fair starting with grade horses and ponies and progressing through the 4-H ranks, and onto the grassroots "one night" horse shows on the county fair circuit in Illinois.

The family has attended the Illinois State Fair annually without fail. When Jerry and Jan McGlaughlin were young boys, they were attracted to the coliseum to watch horse shows. They would return home to practice what they saw and apply it to their home training of their grade horses hoping for blue ribbon results. That, over time, led to improved stock. They have exhibited American Saddlebreds, Quarter Horses, Welsh, Shetland and Hackney ponies, Miniature horses, American Dutch Harness Horses, and other draft horse breeds. They are still committed to producing high quality American Saddlebreds and Welsh Ponies having bred their first Welsh Pony in 1969 and their first Saddlebred in 1987. They have bred, raised and shown many Land of Lincoln breeding and performance winners at the Illinois State Fair. Some of those have gone on to become state, national and world's champions.

The McGlaughlin's are members of not only the Land of Lincoln Purebred Livestock Breeder's Association, but also the American Saddlebred Horse & Breeder's Association, Welsh Pony and Society of America, Midwest Welsh Breeders Inc., United States Equestrian Federation, Illinois Horse & Pony Breeder's and Exhibitor's Association, the Illinois American Saddlebred Pleasure Horse Association and the American Saddle Horse Breeders of Illinois and Jan & Jerry have served in many capacities as officers, board trustees and committee members.

Jerry McGlaughlin has served Muncie, Illinois as mayor for fifteen years and board trustee for five years. Jan and Patricia served as 4-H leaders for their local club for twenty-five years. The family attends the Muncie Baptist Church and are life-time members. They are very supportive of the University of Illinois and are huge U of I sports fans. Patricia is a University of Illinois Extension Specialist in Volunteer Systems and Civic Engagement.

Great pride is witnessed by "Team McGlaughlin" while showing at the Illinois State Fair or any other competition. They do so with great flair and always pay special attention to the presentation of their animals and to their showmanship.

We are pleased and honored to present the 2024 Land of Lincoln Purebred Livestock Breeder's Association Hall of Fame Award to Jerry & Jan McGlaughlin for their longtime participation, devotion and accomplishment.

A CVI shall list only one animal identification per line; shall be presented on the form on which it was initially issued; and shall not be corrected, changed or altered in any manner.

3. All animals shall be officially identified. The animal(s) official identification shall be recorded on the CVI.

4. If animals are from tuberculosis accredited, brucellosis certified, pseudorabies qualified, or brucellosis validated herds, the identifying herd number(s) along with the date of the last herd test(s) shall appear on the CVI.

1. All exhibitors in any and all events described in this Premium Book acknowledge by their entry into such events that they have no constitutional or statutory right to participate or compete in such events. All exhibitors hereby expressly acknowledge that the procedures set forth in this Premium Book are the exclusive procedures and remedies concerning any disqualification. The Illinois State Fair and/or the Department of Agriculture reserve the final and absolute right to interpret these rules and regulations, settle and determine all matters, questions and differences in regard thereto, otherwise arising out of, connected with or incident to the Fair.
2. Exhibitors and exhibitors' parents and/or legal guardians bear absolute responsibility for the care and custody of their animals. The use of drugs or other substances in any manner other than in accord with the labeling approved by FDA is a violation of Federal Law.
3. The Illinois State Fair is entitled to disqualify any exhibitor whose animal tests positive for a drug, even if the exhibitor and the exhibitor's parents and/or legal guardian are unaware of any wrongdoing, did not administer the drug, or had no knowledge of the administration of the drug. Even if the source of the drug is unknown, the Illinois State Fair is entitled to disqualify the exhibitor.
4. If an exhibitor administers any medication or drug to an animal prior to the Illinois State Fair, it is the exhibitor's sole responsibility to ensure that withdrawal times allow the animal to be slaughter eligible by the time it arrives at the fairgrounds. The elimination time (the time it takes for no drug residue to be found in the system) is generally longer than the labeled withdrawal period for most approved drugs.
5. The Illinois State Fair has the right to examine and/or test any animal (deceased or living), feed, liquids, or equipment at any time. The Illinois State Fair may sample an animal's blood, urine, milk, saliva, and/or tissue. Any samples taken for testing become the property of the Illinois State Fair. Samples may be collected, stored and tested in any manner the Illinois Department of Agriculture deems appropriate. Positive test results may be made public.
6. The Illinois State Fair may impound any animal for testing. Refusing such tests shall be cause for disqualification. Any animal tested at the Illinois State Fair is subject to being detained at the expense of the exhibitor until the Illinois State Fair receives final test results.
7. The drug test results of the testing laboratories are final and binding upon the exhibitor and the exhibitor's parents and/or legal guardians.
8. Violations:
 - a. Drug Administration: It is a violation if any medication or drug is administered to an animal after it has arrived on the State Fairgrounds without the supervision of the official State Fair Veterinarian. If an animal requires treatment while on the fairgrounds, only the Official State Fair Veterinarian is allowed to administer a medication or drug to the animal. Animals administered a medication or drug by the Official State Veterinarian having a reported withdrawal and/or elimination time period beyond the show date will be automatically disqualified from the competition.
 - b. Unapproved Drug Use: It is a violation if a market animal tests "positive" (not a quantitative test) for any drug that has not been approved by the Food and Drug Administration and/or the United States Department of Agriculture (USDA) for such type of animal. However, it shall not be a violation of this subsection if the exhibitor discloses the drug specifically as follows: the exhibitor provides to the Illinois State Fair, within 24

hours of check-in, the Illinois State Fair AMDUCA form properly completed by the veterinarian that prescribed the non-FDA-approved drug for the animal. It shall also not be a violation of this subsection if the State Fair Veterinarian prescribes a non-FDA-approved drug for an animal during the Illinois State Fair and completes the AMDUCA form. The AMDUCA form is available by contacting the Illinois Department of Agriculture. Although the preceding paragraph allows for certain use of non-FDA-approved drugs, please be aware that federal law (21 C.F.R. § 530.41) prohibits the following list of drugs, families of drugs, and substances for extra label animal uses. Therefore, notwithstanding the above paragraph, it is a violation with an increased penalty, including notification to the relevant authorities, if a market animal tests “positive” (not a quantitative test) for any of the following:

- i. Chloramphenicol;
 - ii. Clenbuterol;
 - iii. Diethylstilbestrol (DES);
 - iv. Dimetridazole;
 - v. Ipronidazole;
 - vi. Other nitroimidazoles;
 - vii. Furazolidone;
 - viii. Nitrofurazone;
 - ix. Sulfonamide drugs in lactating dairy cattle (except approved use of sulfadimethoxine, sulfabromomethazine, and sulfaethoxyypyridazine);
 - x. Fluoroquinolones;
 - xi. Glycopeptides;
 - xii. Phenylbutazone in female dairy cattle 20 months of age or older; and
 - xiii. Cephalosporins (not including cephalixin) in cattle, swine, chickens, or turkeys:
 1. For disease prevention purposes;
 2. At unapproved doses, frequencies, durations, or routes of administration; or
 3. If the drug is not approved for that species and production class.
- c. Violative Residue Limit (Tolerance): It is a violation if a test result indicates the presence of a drug, additive, or contaminant that exceeds a residue limit (tolerance) set by the FDA and applied by the FSIS.
- d. Unethical Fitting and Grooming Practices: It is a violation if an animal evidences air pumping or the presence of inappropriate substances to alter conformation. Methods such as stomach pumping to induce artificial fill, performing surgical and/or non-surgical procedures to alter the animal’s configuration or the natural conformation of any part of the animal’s body, or unethical fitting are grounds for disqualification. The following generally accepted management practices are allowed: hoof trimming, dehorning, removal of hair, castration, branding, tattooing, ear notching and docking tails.
- e. Falsification of Entries or Records: It is a violation to falsify or alter official entries, records or registrations of animals.
- f. Falsification of Entries or Records: It is a violation to falsify or alter official entries, records or registrations of animals.
- g. Approaching a Judge: It is a violation for any individual, except Illinois State Fair personnel, to approach a judge during a show. Further, it is a violation to interfere with a judge in the performance of his/her duty or to refuse the awards designated by a judge.

9. Penalties: In the event of a violation, the exhibitor and animal shall be disqualified. The Illinois State Fair will provide the disqualified exhibitor with a Notice of Disqualification setting forth the specific reasons for the disqualification. The exhibitor of the disqualified animal shall be subject to the following penalties:
- a. If exhibitor's first disqualification:
 - i. Forfeiture of all monetary awards including sale proceeds associated with the exhibitor for the current State Fair. The exhibitor also forfeits the rights to any product resulting therefrom.
 - ii. Return of all trophies and non-monetary awards associated with the exhibitor for the current State Fair.
 - iii. Forfeiture of all titles associated with the exhibitor for the current State Fair.
 - iv. A ban from competing in any competitive event at the Illinois State Fair for the following year, unless the animal is disqualified for testing positive for a drug, family of drugs, or substances prohibited by 21 C.F.R. § 530.41, in which case the ban shall be for the lifetime of the exhibitor.
 - b. If exhibitor's second or subsequent disqualification:
 - i. All of the penalties above in 9(A), except the exhibitor shall be subject to a ban from competing in any competitive event at the Illinois State Fair for the following three (3) years, unless the animal is disqualified for testing positive for a drug, family of drugs, or substances prohibited by 21 C.F.R. § 530.41, in which case the ban shall be for the lifetime of the exhibitor.
10. Appeal of Disqualification: A disqualified exhibitor shall have 10 days following the receipt of the Notice of Disqualification to file a Petition with the Director of the Illinois Department of Agriculture. The procedures set forth in 8 Illinois Administrative Code 1, SUBPART C shall govern the process of filing and considering a Petition from a disqualified exhibitor.
11. If a Grand Champion or Grand Champion Land of Lincoln animal is disqualified, the Reserve Grand Champion or Reserve Grand Champion Land of Lincoln will be elevated to the respective designation. Disqualified animal photos and designations shall not be used in any advertising or promotional activities following the State Fair.

Sick, Non-Ambulatory and Deceased Animal Policy

12. The Illinois State Fair is fully committed to carrying out Animal Wellness and Care principles and ensuring the proper treatment of all animal exhibits. Therefore, sick animals shall not be exhibited because of the risk to the animal, other animals, the exhibitor, other persons, and the integrity of competitions. The Illinois State Fair Management, Department Superintendents, State of Illinois Veterinarians, and their respective designees, at their sole discretion, may prohibit an animal from showing and may require an animal to be sent to quarantine or leave the fairgrounds on the basis of animal health and care concerns.
13. A veterinarian will be available during the State Fair and may be reached by calling 217/524-9755 or 217/372-1418.
14. Upon arrival at the State Fairgrounds, all Junior Livestock Division Exhibitors irrevocably consent to emergency medical care that may be needed to preserve an animal's life or prevent extreme suffering. 4-H and FFA exhibitors and any person affiliated with them hereby waive any claim

related to emergency medical care and, to the fullest extent permitted by law, 4-H and FFA exhibitors and any person affiliated with them hereby agree to indemnify, defend and hold harmless the Illinois State Fair, Illinois Department of Agriculture, Illinois 4-H and FFA Programs, the State of Illinois, and respective agencies, affiliates, agents, officers, and employees from all claims and suits including court costs, attorney's fees, and other expenses related to emergency medical care. If the following conditions have been met, the Illinois State Fair is expressly authorized to perform any medical treatment, including but not limited to medical practices/ procedures, administering of medications, surgery, and euthanasia, for an animal in the absence of the 4-H or FFA Exhibitor:

- a. The 4-H or FFA Exhibitor is unreachable after due diligence has been made to contact the Exhibitor; and
 - b. The State Fair Veterinarian (or designee), Department Superintendent and General Livestock Superintendent jointly determine the animal's health is in danger and delaying treatment would be detrimental to the animal's life, or that the animal is in extreme pain.
15. Upon entry to the Illinois State Fairgrounds only the official State Fair Veterinarians (or designee) may administer any medications or treatments externally or internally to animals on the Fairgrounds. It is a violation if any medication or drug is administered to an animal without the supervision of the official State Fair Veterinarian. 'Treatment' includes any care provided to an animal using a device, medication, or substance, therapeutic or otherwise. It includes but is not limited to: pulsing electromagnetic field therapy, percussive massage therapy, and use of a Theragun or similar-type device. It is the Exhibitor's responsibility to confer with the Superintendent of their animal's class prior to taking any action if the Exhibitor has a question about whether that action constitutes a treatment.
16. Notification to the State Veterinarian shall be completed by the attending official veterinarian and signed by the exhibitor or their guardian. Within 2 hours of treatment, the official State Fair Veterinarian shall electronically report all performed treatments to the Illinois Department of Agriculture.
17. No animals can be unloaded that are non-ambulatory (i.e. downer) or unable to walk off the vehicle under their own power. The exception to this policy will be unloading the animal for euthanizing and disposing of the animal. If an animal becomes non-ambulatory after arrival at the Illinois State Fairgrounds, the following policy will be strictly enforced:
- a. The owner shall immediately notify the Department Superintendent.
 - b. The Department Superintendent shall immediately notify the State Fair Veterinarian and General Livestock Superintendent about the animal in question and the evolving circumstances.
 - c. The official Illinois State Fair Veterinarian, Department Superintendent, General Livestock Superintendent, and owner (or representative) will consult to determine the best course of action with primary focus on the animal's well-being. If euthanasia is determined to be the best option, this will be at the owner's expense.
 - d. Livestock that becomes non-ambulatory after arriving at the Illinois State Fairgrounds must be disposed of or removed for treatment within 12 hours of discovery or receiving notice of the animal's condition. If the animal is treatable and the previously identified committee agrees, the owner must remove that animal from the Fairgrounds (at the owner's expense) within the 12-hour period.

- e. If an animal dies while at the Illinois State Fair, the animal's owner(s) shall immediately notify the Department Superintendent, who shall notify the General Livestock Superintendent who shall contact the State Veterinarian. The animal shall be removed from the building or display area within 30 minutes. Fairgrounds staff will assist in loading the carcass into a vehicle for removal or to an appropriate holding area, but the animal's owner(s) is responsible for removing the carcass from the fairgrounds. In all instances, the Department Superintendent and General Livestock Superintendent must be present to assist in coordinating the removal of the carcass.
- f. The Illinois Department of Agriculture reserves the right to examine and/or test any animal that dies on the fairgrounds, including having a necropsy performed. If a necropsy is performed, the Department of Agriculture will bear the cost.
