ANIMAL CARE, DRUGS, TESTING, VIOLATIONS AND PENALTIES

Exhibitors with questions regarding medications and/or eligibility are encouraged to contact the Illinois State Veterinarian at 217-782-4944 prior to administration of medication.

1. All exhibitors in any and all events described in this Premium Book acknowledge by their entry into such events that they have no constitutional or statutory right to participate or compete in such events. All exhibitors hereby expressly acknowledge that the procedures set forth in this Premium Book are the exclusive procedures and remedies concerning any disqualification. The Illinois Department of Agriculture reserves the final and absolute right to interpret these rules and regulations, settle and determine all matters, questions and differences in regard thereto, otherwise arising out of, connected with or incident to the Fair.
2. Exhibitors and exhibitors' parents and/or legal guardians bear absolute responsibility for the care and custody of their animals. The use of drugs or other substances in any manner other than in accord with the labeling approved by FDA is a violation of federal law.
3. The Illinois State Fair reserves the right to disqualify any exhibitor whose animal tests positive for a drug, even if the exhibitor and the exhibitor's parents and/or legal guardian are unaware of any wrongdoing, did not administer the drug, or had no knowledge of the administration of the drug. Even if the source of the drug is unknown, the Illinois State Fair reserves the right to disqualify the exhibitor.
4. If an exhibitor, their parent or legal guardian, or any other party providing care to the animal, administers any medication or drug to an animal prior to the Illinois State Fair, it is the exhibitor's sole responsibility to ensure that withdrawal times allow the animal to be slaughter eligible by the time it arrives at the fairgrounds. The elimination time (the time it takes for no drug residue to be found in the system) is generally longer than the labeled withdrawal period for most approved drugs.
5. The Illinois State Fair has the right to examine and/or test any animal (deceased or living), feed, liquids, or equipment at any time. The Illinois State Fair may sample an animal's blood, urine, milk, saliva, and/or tissue. Any samples taken for testing become the property of the Illinois State Fair. Samples may be collected, stored and tested in any manner the Illinois Department of Agriculture deems appropriate. Positive test results may be made public.
6. The Illinois State Fair may impound any animal for testing. Refusing such tests shall be cause for disqualification. Any animal tested at the Illinois State Fair is subject to being detained at the expense of the exhibitor until the Illinois State Fair receives final test results.
7. The drug test results of the testing laboratories are final and binding upon the exhibitor and the exhibitor's parents and/or legal guardians.
8. Violations:
 - a. Drug Administration: It is a violation if any medication or drug is administered to an animal after it has arrived on the State Fairgrounds without the supervision of the official State Fair Veterinarian. If an animal requires treatment while on the fairgrounds, only the Official State Fair Veterinarian is allowed to administer a medication or drug to the animal. Animals administered a medication or drug by the Official State Veterinarian having a reported withdrawal and/or elimination time period beyond the show date will be automatically disqualified from the competition.
 - b. Unapproved Drug Use: It is a violation if a market animal tests "positive" (not a quantitative test) for any drug that has not been approved by the Food and Drug Administration and/or the United States Department of Agriculture (USDA) for such type of animal. However, it shall not be a violation of this subsection if the exhibitor discloses

the drug specifically as follows: the exhibitor provides to the Illinois State Fair, within 24 hours of check-in, the Illinois State Fair AMDUCA form properly completed by the veterinarian that prescribed the non-FDA-approved drug for the animal. It shall also not be a violation of this subsection if the State Fair Veterinarian prescribes a non-FDA-approved drug for an animal during the Illinois State Fair and completes the AMDUCA form. The AMDUCA form is available by contacting the Illinois Department of Agriculture. Although the preceding paragraph allows for certain use of non-FDA-approved drugs, please be aware that federal law (21 C.F.R. § 530.41) prohibits the following list of drugs, families of drugs, and substances for extra label animal uses. Therefore, notwithstanding the above paragraph, it is a violation with an increased penalty, including notification to the relevant authorities, if a market animal tests “positive” (not a quantitative test) for any of the following:

 - ii. Clenbuterol;
 - iii. Diethylstilbestrol (DES);

 3. If the drug is not approved for that species and production class.
- c. Violative Residue Limit (Tolerance): It is a violation if a test result indicates the presence of a drug, additive, or contaminant that exceeds a residue limit (tolerance) set by the FDA and applied by the FSIS.
- d. Unethical Fitting and Grooming Practices: It is a violation if an animal evidences air pumping or the presence of inappropriate substances to alter conformation. Methods such as stomach pumping to induce artificial fill, performing surgical and/or non-surgical procedures to alter the animal’s configuration or the natural conformation of any part of the animal’s body, or unethical fitting are grounds for disqualification. The following generally accepted management practices are allowed: hoof trimming, dehorning, removal of hair, castration, branding, tattooing, ear notching and docking tails.
- e. Falsification of Entries or Records: It is a violation to falsify or alter official entries, records or registrations of animals.

9. Penalties: In the event of a violation, the exhibitor and animal shall be disqualified. The Illinois State Fair will provide the disqualified exhibitor with a Notice of Disqualification setting forth the specific reasons for the disqualification. The exhibitor of the disqualified animal shall be subject to the following penalties:

 - b. If exhibitor's second or subsequent disqualification:
 - i. All of the penalties above in 9(A), except the exhibitor shall be subject to a ban from competing in any competitive event at the Illinois State Fair for the following three (3) years, unless the animal is disqualified for testing positive for a drug, family of drugs, or substances prohibited by 21 C.F.R. § 530.41, in which case the ban shall be for the lifetime of the exhibitor.
10. Appeal of Disqualification: A disqualified exhibitor shall have 10 days following the receipt of the Notice of Disqualification to file a Petition with the Director of the Illinois Department of Agriculture. 15. Upon entry to the Illinois State Fairgrounds only the official State Fair Veterinarians (or designee) may administer any medications or treatments externally or internally to animals on the Fairgrounds. It is a violation if any medication or drug is administered to an animal without the supervision of the official State Fair Veterinarian. 'Treatment' includes any care provided to an animal using a device, medication, or substance, therapeutic or otherwise. It includes but is not limited to: pulsing electromagnetic field therapy, percussive massage therapy, and use of a Theragun or similar-type device. It is the Exhibitor's responsibility to confer with the Superintendent of their animal's class prior to taking any action if the Exhibitor has a question about whether that action constitutes a treatment.
16. Notification to the State Veterinarian shall be completed by the attending official veterinarian and signed by the exhibitor or their guardian. Within 2 hours of treatment, or as soon as practical thereafter, the State Veterinarian shall electronically report all performed treatments to the Illinois Department of Agriculture.
17. No animals can be unloaded that are non-ambulatory (i.e. downer) or unable to walk off the vehicle under their own power. The exception to this policy will be unloading the animal for euthanizing and disposing of the animal. If an animal becomes non-ambulatory after arrival at the Illinois State Fairgrounds, the following policy will be strictly enforced:
- a. The owner shall immediately notify the Department Superintendent.
 - b. The Department Superintendent shall immediately notify the State Veterinarian and General Livestock Superintendent about the animal in question and the circumstances.
 - c. The official Illinois State Fair Veterinarian, Department Superintendent, General Livestock Superintendent, and owner (or representative) will consult to determine the best course of action with primary focus on the animal's well-being. If euthanasia is determined to be the best option, this will be at the owner's expense.
 - d. Livestock that becomes non-ambulatory after arriving at the Illinois State Fairgrounds must be disposed of or removed for treatment within 12 hours of discovery or receiving notice of the animal's condition. If the animal is treatable and the State Veterinarian and/or their designee will allow, the owner must remove that animal from the Fairgrounds (at the owner's expense) within the 12-hour period.
 - e. If an animal dies while at the Illinois State Fair, the animal's owner(s) shall immediately notify the Department Superintendent, who shall notify the General Livestock Superintendent who shall contact the State Veterinarian. The animal shall be removed from the building or display area within 30 minutes. Fairgrounds staff will assist in loading the carcass into a vehicle for removal or to an appropriate holding area, but the animal's owner(s) is responsible for removing the carcass from the fairgrounds. In all instances, the

Department Superintendent and General Livestock Superintendent must be present to assist in coordinating the removal of the carcass.

- f. The Illinois Department of Agriculture reserves the right to examine and/or test any animal that dies on the fairgrounds, including having a necropsy performed. If a necropsy is performed, the Department of Agriculture will bear the cost.

However, parents and leaders should be aware of conditions on the Fairgrounds and make provisions for adequate care and supervision of exhibitors.

Premises Registration Number Voluntary

Premises Registration is voluntary to exhibit horses at the Illinois State Fair.

Choosing to register your premises puts you on the frontline of controlling and preventing the spread of animal disease. A disease outbreak can't be predicted but it can impact every segment of animal agriculture. Participation ensures that you have the information you need, when you need it most, to protect your animals and your investment. Registering a premise involves obtaining a seven-character alpha-numeric "identifier" for the farm, ranch, veterinary clinic or other site where animals are handled, housed, managed or processed.

If an exhibitor wants to register their animals an application form can be found on-line at <https://agr.illinois.gov/animals/animalhealth/premises-registration.html>. Exhibitors who register on-line will receive a premise registration number immediately. An application can also be obtained by calling 866/299-9256. If completing application and returning by mail, it may take up to four (4) weeks to receive the number.

Filing a Protest

If another exhibitor or any member of the public has reason to believe that an animal should be disqualified, he/she must contact the appropriate Department Superintendent and/or State Fair officials and file a protest presenting his/her evidence in writing. Such protest and evidence must be filed after official check-in of the animal of protest or within forty-eight hours after the respective show. If, after reviewing the evidence, the State Fair disqualifies the animal and disqualified exhibitor requests an administrative hearing, the complaining person shall be required to testify under oath at the hearing and present his/her evidence. If the complaining person refuses to testify or cannot be found to be served with a subpoena, no disqualification will be made on the basis of that complaining person's evidence.

32. Objections to any person serving as a judge must be submitted to the Department Superintendent in writing, providing good and sufficient reasons, prior to the judge in question making any award in a given show. In all cases, the Illinois State Fair Management shall have full power and authority to act.
33. The Superintendent of each Department shall instruct the Clerk to confirm entries, as indicated in the entry records, against entries present at the time of judging, and make record of what animals were shown and passed upon by the Judge. The Department Superintendent shall ensure that all records of placings and awards are properly executed by Judges and Clerks, and returned to the Competitive Events Office as soon as a show is completed.
34. Records of placing and awards shall serve as the final evidence for payment of premiums. Ribbons/rosettes will not serve as evidence. Judges will certify their rankings in the showing at the time of judging, and such certification will support the completed records of placing and award.
35. Premiums will be paid as rapidly as possible after the last day of the State Fair.
36. Errors in premium statements will be corrected until November 1 following the fair, after which time the books will be closed and incorrect premiums forfeited.

37. In all Horse Departments, unless otherwise stated, exhibitors are limited to two premiums in single classes and one premium in group classes, in both Open and Land of Lincoln shows.
38. All special premiums and/or awards will be paid or presented by designated associations or donors offering the same and the State Fair is in no way responsible for the payment or extension of such special prizes.
39. No premium will be awarded to any animal or group of animals for the purpose of advertising any commodity.
40. The Department of Agriculture shall use its best efforts to secure sufficient appropriations to fund premiums. In any year for which the General Assembly of the State of Illinois fails to make an appropriation sufficient to pay such premiums, premium amounts may not be accurately reflected in the Horse Show Premium Book.
41. Ribbons and trophies will be presented to exhibitors at the time of judging and the State Fair will not be responsible for loss or the issuing of replacements.
42. Champion classes are limited to first place animals, except reserve champions where the second-place animal from the class in which the champion was selected may compete.
