

# SUPPLY LOTS

Vendors are expected to place their supply vehicles/trailers in designated supply lots unless permission has been granted by the State Fair Manager. Supply lot spaces are limited and only reserved after an application and payment are received by the Space Rental Office.

The Illinois State Fairgrounds has multiple supply lots available for trailer storage. If vendors need to restock their trailers between 10am – 12am they must use a dolly, pull wagon or other non-motorized way to transport goods if they cannot travel to their trailer and back to their vendor location without avoiding the main streets of the Fair. Vendors are allowed to use their personal vehicles to restock their location between 1am – 10am with their vehicles back in their assigned parking lot by 10am.

Vendors are not allowed to “camp” in their supply trailers. Vendors who are found “camping” in their supply trailers will be told to find other accommodations immediately and/or removed from the grounds.

Vendors pay for supply lots and electricity if needed. Please refer to the Supply Lot Map to supplement the below information:

Lot A (\$200)	Open to any vendor. ⚡
Lot B (\$200)	Open to any vendor. ⚡
Lot C (\$100)	Open to any vendor.
Lot D (\$200)	Open to any vendor. ⚡
Lot E (\$200)	Open to any vendor. ⚡
Lot F (\$200)	Service Providers / Commodity Pavilion vendors only. ⚡
Lot G (\$200)	Grandstand vendor only. ⚡
Lot H (Free)	Open to vendors for storage of unused trailers.

- ⚡ Denotes that electricity is available in this supply lot.

Electrical costs in Supply Lots:

30 AMPs	\$150
50 AMPs	\$300
100 AMPs	\$450

- Generators are not allowed.
