# STATE OF ILLINOIS OFFICE OF THE GOVERNOR IB PRITZKER

# Welcome to the 2024 Illinois State Fair!

Perhaps attending the fair is an annual tradition, one that sparks nostalgia when you smell corn dogs and spot the butter cow. Or maybe this is your first time attending, and a new adventure awaits. Either way, it is my pleasure to welcome you!

In Illinois, we are lucky to enjoy two state fairs each year – one in Springfield and one in Du Quoin. While each is unique, both bring hundreds of thousands of visitors from far and wide to enjoy all that Illinois has to offer.

Behind the scenes at the Illinois State Fair, we have made significant improvements to the infrastructure of the fairgrounds with \$80 million allotted to address years of deferred maintenance. These updates include improvements to roads, roofs and pedestrian tunnels. The Coliseum construction includes new seating, elevator updates, improved ADA accessibility and heating for winter events. All of these improvements require tremendous effort from the Illinois Department of Agriculture Buildings and Grounds crew who work year-round to beautify the space for us to enjoy.

While the State Fair puts Illinois in the spotlight, it is only one part of what makes our state great. Central to our success is agriculture. It's our number one industry with more than 27 million acres of land in Illinois dedicated to farms. Agricultural commodities contribute \$26 billion to Illinois' economy. Illinois leads the nation in the production of soybeans, horseradish and pumpkins, and our state is second in corn and fourth in hogs.

Agriculture is fundamental to Illinois, and I applaud the hardworking men and women who ensure the industry will continue to prosper for generations to come. I also want to acknowledge those who make the Illinois State Fair bigger and better each year. This team works diligently to create an enjoyable, affordable and safe experience for all who attend, and I appreciate their efforts.

Thank you for attending the Illinois State Fair. We hope you cherish the memories made here, and we look forward to seeing you again next year!

Thank you,

JB Pritzkei Governor **MK Pritzker** First Lady

JB Pritzker, Governor Jerry Costello II, Director

It is our pleasure to welcome you to the Illinois State Fair!

We are proud to host hundreds of thousands of visitors from around the world for 11 days of food and fun. Within the 366 acres of the fairgrounds, you will find something for everyone, regardless of age or interest. This year, in particular, we have made many

upgrades sure to improve your experience, thanks to \$80 million allotted for infrastructure. We hope you will take the time to explore the grounds and the endless opportunities for fun at the Illinois State Fair.

Grab a bucket of mini doughnuts and a lemon shake up. Brave the twists and turns of a carnival ride or try your hand at milking a cow. Take in an exciting horse race or meander through the barns. And after you check out the famous butter cow, stop and savor the delicious ice cream nearby. Don't forget to snap a photo at a selfie station and share it on social media!

The Illinois State Fair captures the essence of this great state, with agriculture as our number one industry. Illinois has nearly 71,000 farms covering 27 million acres. Our success is on display, and we are proud to share it with you. That success would not be possible without the hardworking men and women of Illinois for whom farming is a calling, not just a career.

Whether this is your first trip to the Illinois State Fair or an annual family tradition, memories are made during these waning days of summer. We are delighted to have you join us and wish you a safe and enjoyable experience at the Illinois State Fair.

Thank you,

Jerry Costello II Director Lori Costello

The Illinois State Fair Museum Foundation is committed to continuing that legacy with preservation and education being the guiding principles of their ongoing efforts.

There's also a special limited edition print by a Springfield artist available for sale that was produced for the State's Bicentennial year that features pen and ink renderings of many of the Fairgrounds' historic buildings and features that set our facility apart from so many others across the country.
